## BULGARIA READY TO HURL ARMY AGAINST KAISER

DIPLOMATIC PROBLEM IN FAR EAST NEARS SOLUTION; ALLIES HOPEFUL

## TWO AMERICAN LOST LIVES WHEN ARABIC TORPEDOED

"GERMANS LONGING FOR PEACE," SAYS SOCIALIST LEADER IN REICHSTAG

### BULLETIN:

(By Associated Press.)

Berlin, Aug. 21.—The Germans today captured the Russian town of Bielak and have driven the Russians over the Biala river. This was officially announced this afternoon.

New York, Aug. 21.—The body of Mrs. Brugiere was reported found this afternoon. Several unidentified bodies were washed ashore at Queens town. All are thought to be Arabic victims.

(By Associated Press.)

London, Aug. 21.—The diplomatic problem in the eastern war zone was brought nearer to a solution today by the final steps in the formation of a Greek ministry under M. Venizelos, and indications that the heretofore uncompromising attitude of the military factions of Serbia against Bulgaria's claims are being broken down.

Foreign Minister Sonnino has reported to the Italian cabinet, the Turkish situation, declaring that Turkish provocations of Italy have become intolerable. Bulgaria has concentrated one hundred and fifty thousand troops on the Turkish frontier. This movement follows dispatches received that Bulgaria is satisfied with the territorial concessions offered her by the Entente Powers for the price of her aid in the war.

Washington, D. C., Aug. 21.—The state department today announced that Ambassador Gerard would probably be directed to call the Imperial German government's attention to the sinking of the Arabic and invite an explanation.

Washington, D. C., Aug. 21.—Late official dispatches to the state department confirm the earlier reports that the Arabic was torpedoed without warning and that lives of Americans were lost.

State officials are anxiously awaiting the full details to determine fully whether the act was "deliberately unfriendly," against which Germany was warned in the last Lusitania note.

London, Aug. 21.—The British government has authorized the statement that the Arabic was without convoy when torpedoed.

Washington, D. C., Aug. 21.—The latest dispatch, sent by Vice Consul Thompson to the state department from Queens town, announces that only two of the Americans who were on the Arabic have not been accounted for. The two missing ones are Josephine Southern Brugiere, of San Francisco, and Dr. Edmund Woods, of Janesville, Wis.

New York, Aug. 21.—Passengers and crew of the liner, Cymric, which arrived here today, asserted that the Cymric was conveyed thirty-six hours by relays of British warships throughout the war zone. The Cymric took the same course as did the Arabic.

Berlin, Aug. 21.—Dr. Eduard David, socialist leader, in a speech in the reichstag today, declared that "there lives in the hearts of the German people a longing for the days of the restoration of peace. The lust for conquest must not prolong the war unnecessarily."

London, Aug. 21.—A Russian gunner this morning brought down a German Zeppelin that was approaching Vilna, according to a Reuter's dispatch from Petrograd.

## ANOTHER GOOD SAMARITAN IS DOUBLE-CROSSED

G. T. REED, WHO HELPED A FRIEND, LOSES A VALUABLE TEAM OF MULES

Charged with the theft of a pair of mules valued at \$300, a man by the name of Williams, who gave his residence as Capitol Hill, this city, is sought by the sheriff's office here.

The team was loaned to Williams by G. T. Reed, Wednesday to move some household goods to Seward, where Williams said he had a job and had rented a house. Since that time he has completely disappeared and no one seems to have seen him.

Diligent search of wagon yards and livery stables has failed to unearth the man or team and the sheriff today began sending wires to sheriffs of counties surrounding Logan to keep a watch out for the missing team and the man. The Anti-Horse Thief association has also been notified and are on the job.

G. T. Reed acted in the capacity of the "good Samaritan" in giving Williams, who was "broke," a lift.

Later: This afternoon the mules were found by Deputy Sheriff Redmon. John Gaffney had bought them and the wagon from Williams for \$80. Williams told Gaffney he was tired of Oklahoma and was going back to New Mexico. Gaffney is, allegorically speaking, "holding the sack."

## E. G. MILLIKAN, FORMER GUTHRIAN, IS KILLED

A telephone message to Mrs. Gano from Mrs. E. G. Millikan at Oklahoma City conveyed the information that E. G. Millikan, former well known Guthrie man, was accidentally killed at El Paso, this morning. No details were given, further than the fact that the body would be shipped here and that funeral arrangements could be made later. It is presumed that Mr. Millikan was killed by machinery while at work in a factory owned by him at that place.

## TWO JAILED CHARGED WITH ROBBERING FREIGHT CAR

Mance Childress and Eliza Wilson, two colored men from near Dover, were bound over for action of the federal grand jury today by Fred W. Green, U. S. Commissioner. They are charged with having committed robbery from freight car engaged in interstate shipment of goods. The "bird police" caught Wilson in the act of leaving the car with two sacks of shoes on his back.

## MASONIC FUNERAL FOR ORAL RAY, MONDAY

The body of Oral Ray, killed in a wreck in Wisconsin, Thursday, will arrive in Guthrie Sunday afternoon. Funeral services will be conducted at Masonic Temple Monday at 2 o'clock p. m. Mr. Ray was a member of Albert Pike and the funeral services will be in charge of the Blue Lodge.

## PROF. HIRON BECOMES IDENTIFIED WITH O. M. U.

Prof. G. W. Muhleman of the department of chemistry in the Methodist university has just resigned and the executive committee of the board of trustees yesterday afternoon elected Ralph P. Hiron, B. S., Ph. C., M. A., to fill the vacancy. Mr. Hiron is a loyal Guthrie man, a graduate of the local high school and of Epworth University, and had his graduate work at the University of Kansas and the University of Oklahoma, from which he won his master's degree in 1914. Mr. Hiron comes direct from the science department of the Salt Lake high school, one of the finest secondary schools in the west, where he was re-elected to teach for another year at an advance in salary, and by reason of his excellent training will be a strong addition to the teaching force of the University.

## Prison Dormitory From Which Leo Frank Was Dragged by Mob, and Map Showing Automobile Trip From Milledgeville to Lynching Scene

Single cross (x) shows Frank's cot in dormitory. Double cross (xx) shows a cot of Green, who slashed Frank's throat several weeks ago

Pames T. Smith, warden of state prison farm.

Leo M. Frank, the victim.

These pictures show the cot in the prison dormitory at the Milledgeville, Ga., prison farm from which

the Marietta lynchers dragged Leo M. Frank Monday night, Aug. 16, and the course of the remarkable automobile trip of seven cars from Milledgeville to Marietta, more than 100 miles, where Frank was hanged.

The lynchers went over a large section of Georgia, through a thickly populated country, and their route led directly toward Atlanta, the largest city of the state. However, it is believed they made a detour,

## CROP CONDITIONS WERE NEVER BETTER IN LOGAN

FARMERS JUBILANT OVER HARVEST OF FOOD STUFF; ABUNDANT FOR MAN AND BEAST

Logan county has prospered greatly so far during the year of 1915. The hot sun and summer winds that so often play havoc with growing crops in this part of the state have been notably absent this year. Everything growing is blooming like a green bay tree and satisfaction reigns supreme in the kingdom of Logan. There are no shriveled corn, withered grass, parched leaves or burned and parched fruit hanging on the trees.

Wonderful as been the glorious rains and they have been frequent and timely. The rains damaged the peach crop some, but had the rains been absent there would have been no peach crop. The season has been, withal, an experience quite refreshing and unusual. But let us hope that there will be many happy returns of the same.

## SUPERINTENDENT OF MASONIC HOME DIES

Darlington, Aug. 21.—Alfred G. Gray, superintendent of the Masonic home at Darlington, died suddenly at 12:30 o'clock Saturday morning from heart failure. He had been grand master of Oklahoma Masons and prior to becoming superintendent of the Masonic home resided at Cheyenne. A. E. Menzies, grand master, and W. M. Anderson, grand secretary of Oklahoma Masons, will arrive from Oklahoma City Saturday morning to arrange for the funeral. A wife and three children survive Mr. Gray.

## ALLIES WILL MAKE COTTON CONTRABAND

BUT WILL STAND BEHIND MARKET TO PREVENT RUINOUS PRICES

### BULLETIN:

Paris, Aug. 21.—Paris newspapers, Sunday morning, will carry the official announcement from the foreign office, declaring that the French and British governments have declared cotton as an absolute contraband of war.

Washington, Aug. 21.—"The allied governments have agreed in principle that cotton is contraband of war. The exact date when this announcement shall be made is still under consideration, as well as other details connected with the proclamation."

This statement was authorized today at the British embassy.

As soon as the official announcement is made it will be disclosed also that the allied governments have prepared to stand behind the market

## CAMP MEETING DRAWS LARGE CROWD TO PARK

FIFTY TENTS NOW OCCUPIED AND MANY MORE WILL BE UP BY SUNDAY

The annual camp meeting of the Free Methodist church, yesterday in Mineral Wells park, drew a large crowd. The W. C. T. U. of Guthrie is making the boarding hall. There were many tents in the camp last night and many more are going up today. Representatives of the church are coming in from all over the state. Rev. E. O. Davenport, district elder of the Guthrie district, is very busy looking after the entertainment of the meeting.

Rev. S. Freer, district elder of Geary district preached last night. It was announced that Rev. J. H. Wright of Carmen, who is the conference evangelist, would preach tonight. Rev. Campbell of Sentinel, is to preach at the 11:00 a. m. service today and Rev. G. M. Haddock of Enid, at the 2:00 p. m. service.

Sabbath services as follows: Prayer meeting, 6:00 a. m. Love feast, 9:30 a. m. Preaching at 11:00 a. m., 2:30 p. m., and 8:00 p. m.

## AMERICAN CAVALRY FIRED ON BY MEXICANS

(By Associated Press.) Washington, Aug. 21.—A detachment of American cavalry were fired upon while on a practice march near Lochiel, Arizona today by Mexicans over the border.

## TOTAL KNOWN DEAD IN GALVESTON IS 200

(By Associated Press.) Galveston, Aug. 21.—The total known deaths in the hurricane that visited Galveston Island and the mainland of southeast Texas, is placed today at two hundred.

## ABE RUEF IS PAROLED BY GOVERNOR JOHNSTON

(By Associated Press.) San Francisco, Aug. 21.—Abraham Ruef, once power in San Francisco politics, serving a fourteen year sentence for attempting to bribe a city supervisor, was paroled today.

## TRAINER KILLED BY LIONS.

Northfield, Minn., Aug. 31.—Four lions last night attacked and killed John Dumont, an animal trainer of a carnival company appearing here this week. The lion in which Dumont was killed was crowded and the spectators were thrown into a panic.

## 7-YEAR-OLD BOY SHOWS WONDERFUL JUDGMENT

When little Willie Berry, 7 years old, grows up to be a man, he will probably be a great general or possible captain of finance. His judgment is good; this he demonstrated yesterday in a wild runaway, in which he played the stellar part. Master Willie was sitting in the big seat of the New York Hardware company's delivery wagon, when the horse became frightened and started on a wild run toward the north on Division street.

An automobile driver, who witnessed the start gave chase in an effort to save the boy. But Willie needed no assistance from mere man; he handled the situation alone and unaided.

With the deliberation of an experienced warrior he took in the situation and acted. Leaving the high seat, having first fastened the lines firmly to the seat, he crawled to the back end of the wagon, and when a real soft looking piece of ground appeared he swung off onto the parking. When the auto owner arrived Willie was sitting on the curbing grinning, unscratched.

Fifty yards further on the horse and wagon collided with a stone wall and the wagon was badly demolished. Willie's move was timely.

## LOGAN COUNTY'S GREATEST PEACH HARVEST ENDED

FINAL COUNT SHOWS 1224 CAR LOADS ELBERTAS SHIPPED

## UNPREPAREDNESS RESPONSIBLE FOR GREAT LOSS

PICKERS AND PACKERS RECEIVED \$50,000 FOR THREE WEEKS WORK

Another peach harvest is just closing with the Logan county peach growers. This has been a good crop year, but the weather has been disastrous for saving it, and the market results are anything but satisfactory. Many fine young orchards bore their first good crop this year. Old trees made a great fruit twig growth last year and everything indicated a good season for the orchard owners. But when the large crop began to ripen the weather man combined with the buyers, and while the growers tried to harvest a big crop with small picking and packing crews, the very juicy fruit began to ripen more rapidly than ever known. This all quickly changed a most glorious prospect into dismal uncertainty, and the season is certainly closing with anything but satisfactory results all round.

The shipments from Logan county to date aggregate 1064 car loads. It is estimated that late orchards will yet furnish about 160 car loads, which will bring the season's pack up to about 1224 cars. Each car contains 400 bushels, baskets, which would indicate that about 489,600 bushels have been packed and shipped. The average price paid the grower in Logan county this season has been 50 cents, or about a third of the real worth of the fruit. The quality and general conditions would warrant the grower in demanding that the broker, buyers and commission men should have given \$1.50 f. o. b. Guthrie, for this entire crop of Elbertas. Thus, instead of the \$234,800 which the growers will receive, they should be able to bank at least \$709,000 for this crop. This is one of the notable results which this year has brought to the fruit growers of Logan county.

What Might Have Been. Another unusual element in the situation this year is the fact that, while more than 1000 car loads of peaches are being harvested in this county, yet the weather conditions and the want of sufficient picking and packing crews have prevented at least another 950 cars from being picked and shipped. Today the crew are leaving many large orchards with from 20 to 30 per cent of the trees untouched. These trees are breaking under their loads of the most delicious fruit ever eaten, but the weather conditions ripened it too rapidly. Many orchards have "dumps" near the packing sheds where the over ripe fruit is being dumped as it is rejected by the graders. The rigid inspection of the packages, shipment would not permit even a few of these soft peaches in a basket, and a car load containing a few
